africa south of the sahara is a region in transition the optimism of the early postindependence years has long since faded replaced by a pervasive sense of crisis that typically includes slow and often negative economic growth a crushing debt burden hunger and ecological crisis and the virtual collapse of the state in a number of countries at the same time the 1990s have seen recent cause for hope most dramatically in the peaceful transition to black majority rule in south africa this much needed text provides a broad and balanced introduction to the geography of this vast region examining sociocultural political and economic processes patterns of resource utilization and the dynamics of change in africa s geography the text is enhanced by vivid case studies maps and photographs also featured are lists of recommended reading and a glossary of key terms

of all the states of the middle east and north africa libya has long been the country about which the least is known it is only in recent times that scholars and the general public alike have begun to appreciate the complexity of libya s turbulent history including the recent february 17th revolution in 2011 when protests broke out throughout libya demanding better living conditions and more job opportunities when the qaddafi regime responded with force killing scores of unarmed civilians the protesters called for regime change in what came to be known as the february 17th revolution the qaddafi regime was overthrown and qaddafi was killed in october 2011 in july 2012 the libyan people elected a general national congress charged with overseeing the drafting of a new constitution and the election of a national government this fifth edition of historical dictionary of libya covers its history through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has over 400 cross referenced entries on important personalities politics economy society conflicts and the culture of libya this book is an excellent access point for students researchers and anyone wanting to know more about libya

ghana the former british colony of the gold coast is historically known for being the first country to the south of the sahara to attain political independence from colonial rule it is known for its exports of cocoa and a variety of minerals especially gold and it is now an oil exporting country but ghana s importance to the african continent is not only seen in its natural resources or its potential to expand its agricultural output rather the nation s political history of nationalism the history of military engagement in politics record of economic depression and the ability to rise from the ashes of political and economic decay is the most unique character of the country this fourth edition of historical dictionary of ghana covers its history through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about ghana

algeria s strategic regional and global importance continues to grow its hydrocarbon wealth namely natural gas and oil is impressive and its receipts are crucial to the national economy the european union is a particularly valued hydrocarbon importer and

overall commercial partner the bilateral relationship with france remains problematic and paradoxical algeria has demanded an apology for the imposition of colonialism but it also recognizes the importance of france economically politically and militarily e g the unrest in the sahel notably mali furthermore algeria continues to recover from its recent tragic civil strife characterized by terrorism and extremism its uncertain future given its ageing leadership rentier economy and frustrated youth is a critical concern this fourth edition of historical dictionary of algeria covers its history through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about algeria

blessed with natural beauty and rich vegetation rwanda is often called the land of a thousand hills *le pays des mille collines* a reference to its many lush and green rolling hills moreover for many rwandans at least in the past rwanda in spite of its small size is vast in fact it means the universe this idyllic view however sharply contrasts with the sad history of ethnic strife that unfolded since the 1950s the 1959 hutu revolution followed by years of anti tutsi pogroms undemocratic regimes the civil war of 1990 1994 and more significantly the april july 1994 genocide against the tutsi and the killing of hutu who opposed the killings the 1994 genocide against the tutsi remains the most defining single event in contemporary rwanda and many people in the world today know of this central african nation from the prism of extreme mass violence that sullied the end of the 20th century amid international indifference and has since haunted the world s conscience this second edition of historical dictionary of rwanda contains a chronology an introduction appendixes and an extensive bibliography the dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about rwanda

on march 21 1990 sam nujoma was sworn in as the first president of independent namibia this ceremony marked the end of a struggle that lasted more than two decades and a period of colonialism that lasted more than a century finally after decades long wars over grazing in the 19th century genocidal colonial suppression by germany at the beginning of the 20th century repressive apartheid racialism throughout the 20th century and a prolonged armed liberation struggle namibians had the chance to choose their own leaders develop a democratic political process in a free society and to bring economic development and greater equity to their country the historical dictionary of namibia covers the history of namibia through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has several hundred cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about namibia

kenya has a long and complex history that began thousands of years ago indeed some archaeologists contend that the country was the cradle of mankind or at the very least one of the places that was home to the earliest hominids in later centuries kenya s strategic location astride the indian ocean and the east african littoral attracted numerous foreign peoples some of the most significant of which have been the americans arabs british chinese french germans and portuguese additionally africans from throughout the subcontinent have settled in kenya to escape conflict or political persecution while others wanted an opportunity to begin a new life as a result of being a

gateway to the world the country traditionally has been one of the most important business cultural diplomatic and political centers in africa although it has maintained this reputation during the post independence period kenya like most african countries has been plagued by an increasing array of complex economic political and social problems this third edition of historical dictionary of kenya provides a starting point for those interested in any of the phases of kenya s historical evolution this is done through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has 500 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about kenya

with an emphasis on biological chemical and physical sources of pollution this text incorporates traditional concepts of environmental health with new controversies regarding environmental threats to human health such as the link between air pollutants and asthma as well as the role of pollution in cancer risk
