in 1502 amidst the age of discovery young captain raidyn veneti prepares to set off on an adventure beyond his wildest dreams a charismatic venetian merchant he is master of a uniquely designed ship called la pasquala the brainchild of a mysterious and talented man who once gave veneti a secret key while in valencia veneti gets a note from the gnostic a man he very much respects requesting his immediate presence the captain and his crew are to meet him in tarragona the note is cryptic at best and although veneti senses his friend is in trouble he heeds the call concerns notwithstanding veneti cannot possibly suspect a dark presence follows him as he goes neither could he suspect he is about to sail from the mediterranean to the ends

of the world and beyond la pasquala and her crew are on a daring journey to discover a mystic truth that has been kept hidden for centuries and no high sea experience could prepare them for the out of this world thrill ride

listen to the new books network podcast the first european map of china faintly relied on the copy of a chinese original obtained through bribing and espionage the last covered in this book was the result of the largest land survey ever made until that time these two and another 125 maps depict sometimes uniquely sometimes copying each other a country whose images were so different that it was hard to understand which to trust this study reproduces and describes for the first time all the maps of china printed in europe between 1584 and 1735 unravelling the origin of each individual map their different printing issues and publication dates it also tells for each the unique story that made possible these visions from another world stories marked by scholarly breakthroughs obsession missionary zeal commercial sagacity and greed for a presentation from the author related to the publication entitled china on copper plates the first 150 years of chinese maps in western prints 1584 1735 see here a summary on june 23 2022 the fourth session of the academic lecture series on the weavers of four dimensional space time and their creation on the history of maps was held in the form of an online seminar at the kuang chi international scholars center dr marco caboara an italian scholar from the lee shau kee library of hong kong university of science and technology gave a lively presentation entitled china on copperplate the first 150 years of western printed maps of china 1584 1735 the lecture was conducted in both chinese and english associate professor lin hong from the school of humanities of shanghai normal university served as the moderator and translator dr yang xunling deputy director of the library of macau university of science and technology served as the main responder professor huang yijun of minzu university of china and deputy youth associate of fudan university researcher ding yannan dr catarina batista and dr Ângela gil from the library of macau university of science and technology and dr zheng man from the free university of berlin participated in the discussion many domestic and foreign scholars and map enthusiasts listened to the lecture online the lecture lasted nearly three hours

nancy investigates a small ship cottage at the chatham estate and discovers a connection between the mysterious occurrences at the cottage and an island where a lost treasure is said to be buried with one half of a map nancy sets out to find a missing twin brother who holds the other half the mystery becomes dangerous when an assailant hears about the treasure and is determined to push nancy off the trail can she endure this and other grave dangers and recover in time to solve the mystery

considered by many to be the magazine of record for ancient mysteries future science and unexplained anomalies atlantis rising provides some of the most astounding reading to be found anywhere this is a book for those who want more those who go against the grain of accepted history who dare to doubt the truth of the truth makers for hundreds of years human lore s legacy has been passed down without question but there are missing connections giant question marks and links that cannot be ignored what if columbus didn t discover america what if egyptians visited the grand canyon what if jesus and horus were one and the same what if history was much more colorful than the accepted black and white there are those who would shun such questions or choose to be colorblind in a potentially more colorful world but for those in search of missing connections we offer this

collection of 33 essays by the most educated critical thinkers of our time missing connections promotes awareness of the many hues that fill the world some of which may be hard to see unless they are properly pointed out editor j douglas kenyon has culled from the pages of atlantis rising magazine this compilation of concise and well illustrated articles by world class researchers and theoreticians like frank joseph steven sora philip coppens robert m schoch william stoecker john kettler and many others who offer thought provoking insights into a world that is much more colorful than we ever imagined

graham robb s the ancient paths will change the way you see european civilization inspired by a chance discovery robb became fascinated with the world of the celts their gods their art and most of all their sophisticated knowledge of science his investigations gradually revealed something extraordinary a lost map of an empire constructed with precision and beauty across vast tracts of europe the map had been forgotten for almost two millennia and its implications were astonishing minutely researched and rich in revelations the ancient paths brings to life centuries of our distant history and reinterprets pre roman europe told with all of robb s grace and verve it is a dazzling unforgettable book
